## Greetings

It is with pleasure we introduce to you to our groups for singles managed by Events Professionals.

Following the 10<sup>th</sup> Anniversary of our original clubs, a new enhancement has been made to the Bonjour & Xposé Clubs for the unattached.

Bonjour & Xposé actively provides introductions to other single people through the many social gatherings featured on the monthly calendars to the members. Newsletters are sent to all members and bookings are then made by those wishing to attend the various events featured.

Designed for the discerning; **Club Evolution** with some unique and distinct differences, is an enhancement to the Xposé & Bonjour social gatherings and meet the needs of today's 'unattached' through 'one to one' and group meetings where like minded members are chosen to meet with you. This service is ideal for the busy person who may not be able to attend as many of the events as some.

## Who are our clients?

- ❖ Age – 35 plus
- ❖ Members currently in employment and financially independent
- ❖ Members who respect and adhere to the dress standards set for our events
- ❖ Members committed to the clubs terms and conditions
- ❖ Members committed to actively be involved and attend 2 or more events per month of 6 months membership

## How do you get started?

Firstly, we arrange a discreet, confidential interview to discuss the benefits of the clubs and carefully ascertain what it is you are looking for from our organisation and in a potential partner. We discuss what has worked for you in the past (and what hasn't) what your interests are and the type of events that best suit your personality and social comfort.

During your time as a member we will introduce to you other members through café meets, dine outs or cocktail parties. There is a charge for this service; it is your selection fee and booking fee.

We also explain in more detail the **Club Evolution** enhancements

**Club Evolution is interested in you as person ..... You are not a number!**

## What are the benefits of Club Evolution?

- ❖ Selective membership screening to meet high end clientele
- ❖ Non threatening environment
- ❖ Sophisticated atmosphere
- ❖ Personalised service to meet the needs of the discerned
- ❖ Hosted events for our client comfort
- ❖ Managed by professionals

### What we offer?

- ❖ Networking and social opportunities
- ❖ One on one introductions
- ❖ Group dine outs specially selected guests
- ❖ Special events

### The Next Step

We then invite you attend our member's night to meet new members and help you settle in. A schedule of events is given at this even for the current months engagements and your membership is required to be paid at this point.

There is a small charge for attending each of the events; this is your booking fee.

### How are clients matched?

During your time as a member of **Club Evolution** we will match you with other club clients through café meets or dine outs for two or up to 6 which ever is the most non-threatening for you.

A person is selected for you based upon the information we discuss in the interview and you're 'Personality DNA'. Our event managers have experience in creating matches based on personality, personal style and individual preferences.

Our service isn't about video or computer dating; it's about an insightful, professional **Club Evolution** staff member processing your desires, goals and motivations combined with our knowledge and instincts.

This information is processed through a combination of hand-selections and our personal dynamic selector programme, creatively culminating in appropriate matches.

### How is the date arranged?

If the one on one date experience is your option, once we select a match for you, we contact you by phone to tell you about the person we have chosen. We respect your confidentiality and only give out your first name, never revealing your address, phone number or company name. We give you a concise description of your potential date and why we think this match is appropriate. Everything we know about you is taken into consideration for this process.

### How and where do I meet my date?

The only work you need to do is to show up at the café or restaurant and enjoy the date. We handle every step. If your schedule makes meeting difficult, we can arrange for a drink after work. Our goals are that the match is well-suited and the time and place are convenient for both of you. We like to create an environment that makes getting to know the other person as natural (and fun!) as possible.

### What happens next?

Actually, many of our first dates turn into second dates! At the end of the date, you can exchange business cards or phone numbers and make plans to get together again. Following each date, we ask that you call us with feedback. From your comments and overall impression of the person, we will endeavour to fine tune your next match so that we can be even more precise in the future.
